HB 2 *(58th Legislative Day - House - 2nd Reading)* - Representative Zook moved HB 2 do pass.

Representative Grady made the opening remarks on Section A - General Government and Transportation.

Representative Cobb moved HB 2, second reading copy, be amended as follows (amendment #1):

1. Page A-9, following line 2.

Insert: "The department shall manage the highways special revenue account and generate reversions as necessary to attain a minimum ending cash balance in the account on June 30, 1999, of $13.5 million. The department may not increase the cash balance at yearend by increasing liabilities or reducing other assets within the account for the purpose of circumventing legislative intent."

Explanation: This amendment notifies the Department of Transportation that it is the intent of the legislature that a minimum cash balance in the highways special revenue account at the end of fiscal 1999 of at least $13.5 million must be achieved. Based on current cash flow projections, if the department expended its full appropriations per the Second Reading Copy of House Bill 2, it would end the 1999 biennium with only a $7.5 million cash balance.

Amendment #1 passed as follows:

Ayes: Adams, Arnott, Barnett, Barnhart, Bergsagel, Boharski, Bohlinger, Brainard, Carey, Clark, Cobb, Curtiss, Denny, Dowell, Ellingson, Ewer, Hagener, H.S. Hanson, Harper, Heavy Runner, Hurdle, R. Explanation: This amendment adds $93,358 of general fund in fiscal year 1998 and $85,315 of general fund in fiscal year 1999 to the Child Support Enforcement Division of the Department of Public Health and Human Services. The general funds are transferred from the general fund appropriation for the Child and Family Services Division from the TANF (welfare) budget.

The funds are restricted for the purpose of hiring two FTE who would represent the department in Tribal Courts. These FTE would address cases that are awaiting resolution. LFD will adjust the totals.

Explanation: This amendment adds 1.0 FTE to the DPHHS Health Policy & Services Division for the purpose of collecting additional pharmacy rebates and working to improve efficiencies in the durable medical equipment program. This position is funded 50% from state general fund and 50% from federal Medicaid funds. The general fund is reallocated from the division's general Medicaid appropriation. The amendment makes the position a "one-time only" FTE which means that the position will not be included in the executive present law budget for the 2001 biennium and would have to be justified to the next legislature for continued funding. Total impact is an increase of $30,600 federal funds.

Explanation: This amendment adds $74,523 general fund in fiscal 1998 and $103,992 in fiscal 1999 to the Centralized Services Division in the Department

of Natural Resources and Conservation to increase state lands equalization payments to counties. Funding is reduced by equal amounts in the Trust Land Management Division. Currently in HB 2, the state lands equalization payment is budgeted for $496,594 in fiscal 1998 and in fiscal 1999 -the same amount paid in calendar 1995. The amount requested by counties for calendar 1996 was $543,093, but only $496,594 was paid.

The additional amount for fiscal 1998 represents the amount necessary to bring the current budgeted amount for the calendar 1997 state land equalization payment up to the level requested by counties for calendar 1996 plus 5.16 percent (the average annual increase over 29 years). For fiscal 1999 (the calendar 1998 payment), the additional amount represents another 5.16 percent increase from the amended fiscal 1998 total amount.

Insert: "(e) The department of fish, wildlife, and parks shall submit to the legislature the report required by 23-1-110 regarding any money appropriated in [sections 1 through 21] and spent to improve or develop state parks or fishing access sites. In submitting the proposed 2001 biennium budget of the department of fish, wildlife, and parks to the legislative fiscal analyst, as provided in 17-7-122, the governor shall include the report required by 23-1-110 for legislative consideration and funding approval of the specific projects. The legislature recommends that the 1999 legislature not appropriate any funds for the improvement or development of a state park or fishing access site without reviewing and considering each proposed project contained in the report. It is the intent of the legislature that priorities in the 2001 biennium funding request for state parks and fishing access sites be on maintenance of existing facilities rather than on improvement or development. As used in this intent statement, "maintenance" means placing, cleaning, and stocking of latrines; garbage and litter cleanup; fence installation and repair; weed control; implementation of safety and health measures required by law to protect the public; upkeep of established trails, roads, boat docks, and other existing facilities; in-kind replacement of existing facilities; erosion control; streambank stabilization; erection of barriers necessary to preserve riparian vegetation and habitat; minimal signage necessary to inform users of appropriate park or site use and applicable regulations; measures necessary to ensure compliance with the federal Americans With Disabilities Act of 1990, when applicable; planting of native trees, grasses, and shrubs; and installation of fire rings, picnic tables, and trash collection facilities.

(f) Unexpended funds appropriated in [this act] to the department of fish, wildlife, and parks for maintenance may be used only for that purpose. Unexpended funds appropriated in [this act] to the department of fish, wildlife, and parks for capital improvements may be spent only for maintenance."

"Section 12. Section 15-65-121, MCA, is amended to read:

"15-65-121. Distribution of tax proceeds — general fund loan authority. (1) The proceeds of the tax imposed by 15-65-111 must, in accordance with the provisions of 15-1-501, be deposited in an account in the state special revenue fund to the credit of the department of revenue. The department may spend from that account in accordance with an expenditure appropriation by the legislature based on an estimate of the costs of collecting and disbursing the proceeds of the tax. Before allocating the balance of the tax proceeds in accordance with the provisions of 15-1-501 and as provided in subsections (1)(a) through (1)(e) of this section, the department shall determine the expenditures by state agencies for in-state lodging for each reporting period and deduct 4% of that amount from the tax proceeds received each reporting period. The amount deducted must be deposited in the general fund. The amount of $400,000 each year must be deposited in the Montana heritage preservation and development account provided for in [section 20]. On July 1, 1997, the amount of $45,000 is transferred to the department of commerce for purposes of a grant to the Fort Peck interpretive center. (e) (i) except as provided in subsection (1)(e)(ii), 22.5% to be distributed by the department to regional nonprofit tourism corporations in the ratio of the proceeds collected in each tourism region to the total proceeds collected statewide; and

(ii) if 22.5% of the proceeds collected annually within the limits of a city or consolidated city-county exceeds $35,000, 50% of the amount available for distribution to the regional nonprofit tourism corporation in the region where the city or consolidated city-county is located, to be distributed to the nonprofit convention and visitors bureau in that city or consolidated city-county.

(2) If a city or consolidated city-county qualifies under this section for funds but fails to either recognize a nonprofit convention and visitors bureau or submit and gain approval for an annual marketing plan as required in 15-65-122, then those funds must be allocated to the regional nonprofit tourism corporation in the region in which the city or consolidated city-county is located.

Senator Toews moved HB 17, second reading copy, be amended as follows:

1. Page 4, line 8.

Following: "tuition"

Insert: ", when space is available in the specific class requested,"

2. Page 4, line 9.

Following: "."

Insert: "Credits earned by students awarded tuition waivers under this section must be counted toward the maximum subsidized credits allowed each resident student under the regents' policy. Credit hours for which tuition is waived under this section may not be counted toward meeting the student's commitment to qualify for a 4-year graduation guarantee."

Explanation: This amendment limits tuition waivers for national guard members to waivers for those classes requested in which space is available. The university system may administratively determine when space will be considered available. In addition, these credits must be considered part of the state-subsidized limit for each resident, and they may not be used to qualify a student for guaranteed graduation in four years.

Section 8. Section 39-71-2316, MCA, is amended to read:

"39-71-2316. Powers of state fund. For the purposes of carrying out its functions <u>to administer and pay claims for injuries resulting from accidents occurring on or after July 1, 1990</u>, the state fund may:

(1) insure any employer for workers' compensation and occupational disease liability as the coverage is required by the laws of this state and, as part of the coverage, provide related employers' liability insurance upon approval of the board;

(2) sue and be sued;

(3) except as provided in section 21, Chapter 4, Special Laws of May 1990, enter into contracts relating to the administration of the state fund, including claims management, servicing, and payment;

(4) collect and disburse money received;

(5) adopt classifications and charge premiums for the classifications so that the state fund will be neither more nor less than self-supporting.

Premium rates for classifications may only be adopted and changed using a process, a procedure, formulas, and factors set forth in rules adopted under Title 2, chapter 4, parts 2 through 4. After the rules have been adopted, the state fund need not follow the rulemaking provisions of Title 2, chapter 4, when changing classifications and premium rates. Except as provided in Title 33, chapter 16, part 10, a workers' compensation advisory organization or a licensed workers' compensation rating organization under Title 33, chapter 16, part 4, or other person may not, without first obtaining the written permission of the employer, use, sell, or distribute an employer's specific payroll or loss information, including but not limited to experience modification factors.

(6) pay the amounts determined due under a policy of insurance issued by the state fund;

(7) hire personnel;

(8) declare dividends if there is an excess of assets over liabilities. However, dividends may not be paid until adequate actuarially determined reserves are set aside. If those reserves have been set aside, money that can be declared as a dividend must be transferred to the account created by 39-71-2321 for claims for injuries resulting from accidents that occurred before July 1, 1990, and used for the purposes of that account. After all claims funded by that account have been paid, dividends may be declared and paid to insureds.

(9) perform all functions and exercise all powers of a private insurance carrier that are necessary, appropriate, or convenient for the administration of the state fund~~.~~;

(10) enter into a contract authorized by the department of administration pursuant to Title 18, chapter 4, to administer and pay claims for injuries resulting from accidents that occurred before July 1, 1990. state special revenue fund to the credit of the department of revenue. The department may spend from that account in accordance with an expenditure appropriation by the legislature based on an estimate of the costs of collecting and disbursing the proceeds of the tax. Before allocating the balance of the tax proceeds in accordance with the provisions of 15-1-501 and as provided in subsections (1)(a) through (1)(e) of this section, the department shall determine the expenditures by state agencies for in-state lodging for each reporting period and deduct 4% of that amount from the tax proceeds received each reporting period. The amount deducted must be deposited in the general fund. The balance of the tax proceeds received each reporting period and not deducted pursuant to the expenditure appropriation or deposited in the general fund ~~is statutorily appropriated, as provided in 17-7-502, and~~ must be transferred to an account in the state special revenue fund to the credit of the department of commerce for tourism promotion and promotion of the state as a location for the production of motion pictures and television commercials, to the Montana historical society, to the university system, and to the department of fish, wildlife, and parks, as follows:

(2) If a city or consolidated city-county qualifies under this section for funds but fails to either recognize a nonprofit convention and visitors bureau or submit and gain approval for an annual marketing plan as required in 15-65-122, then those funds must be allocated to the regional nonprofit tourism corporation in the region in which the city or consolidated city-county is located.

(3) If a regional nonprofit tourism corporation fails to submit and gain approval for an annual marketing plan as required in 15-65-122, then those funds otherwise allocated to the regional nonprofit tourism corporation may be used by the department of commerce for tourism promotion and promotion of the state as a location for the production of motion pictures and television commercials.""

(e) a person, other than a juvenile as defined in subsection (1)(b), performing community service for a nonprofit organization or association or for a federal, state, or local government entity under a court order, or an order from a hearings officer as a result of a probation or parole violation, whether or not under appointment or contract of hire with an employer, as defined in this chapter, and whether or not receiving payment from a third party. For a person covered by the definition in this subsection (e):

(i) compensation benefits must be limited to medical expenses pursuant to 39-71-704 and an impairment award pursuant to 39-71-703 that is based upon the minimum wage established under Title 39, chapter 3, part 4, for a full-time employee at the time of the injury; and

(ii) premiums must be paid by the employer, as defined in 39-71-117(3), and must be based upon the minimum wage established under Title 39, chapter 3, part 4, for the number of hours of community service required under the order from the court or hearings officer.

(f) an inmate working in a federally certified prison industries program authorized under 53-1-301; and

(g) a person who is an enrolled member of a volunteer fire department as described in 7-33-4109 or a person who provides ambulance services under Title 7, chapter 34, part 1.

(2) The terms defined in subsection (1) do not include a person who is:

(a) participating in recreational activity and who at the time is relieved of and is not performing prescribed duties, regardless of whether the person is using, by discount or otherwise, a pass, ticket, permit, device, or other emolument of employment;

(b) performing voluntary service at a recreational facility and who receives no compensation for those services other than meals, lodging, or the use of the recreational facilities; or

(c) performing services as a volunteer, except for a person who is otherwise entitled to coverage under the laws of this state. As used in this subsection (2)(c), "volunteer" means a person who performs services on behalf of an employer, as defined in 39-71-117, but who does not receive wages as defined in 39-71-123.

(3) With the approval of the insurer, an employer may elect to include as an employee under the provisions of this chapter any volunteer as defined in subsection (2)(c).

(4) (a) The term "volunteer firefighter" means a firefighter who is an enrolled and active member of a fire company organized and funded by a county, a rural fire district, or a fire service area.

(b) The term "volunteer hours" means all the time spent by a volunteer firefighter in the service of an employer, including but not limited to training time, response time, and time spent at the employer's premises.

(5) (a) If the employer is a partnership, sole proprietor, or a member-managed limited liability company, the employer may elect to include as an employee within the provisions of this chapter any member of the partnership, the owner of the sole proprietorship, or any member of the limited liability company devoting full time to the partnership, proprietorship, or limited liability company business.

(b) In the event of an election, the employer shall serve upon the employer's insurer written notice naming the partners, sole proprietor, or members to be covered and stating the level of compensation coverage desired by electing the amount of wages to be reported, subject to the limitations in subsection (5)(d). A partner, sole proprietor, or member is not considered an employee within this chapter until notice has been given.

(c) A change in elected wages must be in writing and is effective at the start of the next quarter following notification.

(d) All weekly compensation benefits must be based on the amount of elected wages, subject to the minimum and maximum limitations of this subsection. For premium ratemaking and for the determination of weekly wage for weekly compensation benefits, the electing employer may elect not less than $900 a month and not more than 1 1/2 times the average weekly wage, as defined in this chapter.

(6) (a) If the employer is a quasi-public or a private corporation or a manager-managed limited liability company, the employer may elect to include as an employee within the provisions of this chapter any corporate officer or manager exempted under 39-71-401(2).

(b) In the event of an election, the employer shall serve upon the employer's insurer written notice naming the corporate officer or manager to be covered and stating the level of compensation coverage desired by electing the amount of wages to be reported, subject to the limitations in subsection (5)(d). A corporate officer or manager is not considered an employee within this chapter until notice has been given.

(c) A change in elected wages must be in writing and is effective at the start of the next quarter following notification.

(d) All weekly compensation benefits must be based on the amount of elected wages, subject to the minimum and maximum limitations of this subsection. For premium ratemaking and for the determination of the weekly wage for weekly compensation benefits, the electing employer may elect not less than $200 a week and not more than 1 1/2 times the average weekly wage, as defined in this chapter.

(7) (a) The trustees of a rural fire district, a county governing body providing rural fire protection, or the county commissioners or trustees for a fire service area may elect to include as an employee within the provisions of

this chapter any volunteer firefighter. A volunteer firefighter who receives workers' compensation coverage under this section may not receive disability benefits under Title 19, chapter 17.

(b) In the event of an election, the employer shall report payroll for all volunteer firefighters for premium and weekly benefit purposes based on the number of volunteer hours of each firefighter times the average weekly wage divided by 40 hours, subject to a maximum of 1 1/2 times the average weekly wage.

(8) Except as provided in chapter 8 of this title, an employee or worker in this state whose services are furnished by a person, association, contractor, firm, limited liability company, or corporation, other than a temporary service contractor, to an employer, as defined in 39-71-117, is presumed to be under the control and employment of the employer. This presumption may be rebutted as provided in 39-71-117(3).

(9) For purposes of this section, an "employee or worker in this state" means:

(a) a resident of Montana who is employed by an employer and whose employment duties are primarily carried out or controlled within this state;

(b) a nonresident of Montana whose principal employment duties are conducted within this state on a regular basis for an employer;

(c) a nonresident employee of an employer from another state engaged in the construction industry, as defined in 39-71-116, within this state; or

(d) a nonresident of Montana who does not meet the requirements of subsection (9)(b) and whose employer elects coverage with an insurer that allows an election for an employer whose:

(i) nonresident employees are hired in Montana;

(ii) nonresident employees' wages are paid in Montana;

(iii) nonresident employees are supervised in Montana; and

(iv) business records are maintained in Montana.

(10) An insurer may require coverage for all nonresident employees of a Montana employer who do not meet the requirements of subsection (9)(b) or (9)(d) as a condition of approving the election under subsection (9)(d)."
